FCC Warnings

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio communications, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced TV technician for help.

WARNING

- Do not open the unit. There are no user serviceable parts inside. Refer all servicing to qualified service personnel.
- Shock hazard - Do Not Open. The remote control’s button cell battery contains mercury. Do not mix old and new batteries. Lithium batteries, like all rechargeable batteries are recyclable and should be recycled or disposed of in normal household waste. Contact your local government for disposal instructions.
- To reduce the risk of fire or electric shock, do not operate under below conditions.
- Operate the unit in an enclosed cabinet or on any other non-ventilated surface.
- Change the battery when the remote control does not function properly.
- Do not expose this apparatus to rain or moisture.

PROPER DISPOSAL

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the apparatus.

This symbol indicates that the product contains double insulation between hazardous voltage and non-hazardous voltage and no accessible parts.

Introduction and Setup

Power

AC power input: requires an AC power cable (included)

Battery Backup

Requires 6 C batteries

Telescopic FM Antenna

Volume

Press to adjust the volume.

Preset-/Repeat

In FM Radio mode, press to cycle through preset stations. In CD Mode, press to repeat the current track. Press twice to repeat the entire album.

Source

Press to switch between CD, Bluetooth, Line In, and FM Radio modes.

Pair/Play/Pause

Press and hold to begin pairing a Bluetooth device.

Press to play or pause the current track.
### Bluetooth Setup

#### Pairing a Bluetooth Device for the First Time
1. Power on the unit by pressing the **Power** button.
2. Press the **Source** button to switch to Bluetooth Mode.
   - The display will show the flashing letters “bt”.
3. “BT” will flash quickly on the display.
   - When pairing, remain within 3 feet of the unit.
   - If the unit does not automatically begin to pair, press and hold the **Pair** button.
4. Using the native controls on your Bluetooth device, select the “IBC233” in your Bluetooth settings to pair.
   - If your device requests a password, enter the default password “0000”.
   - Refer to the user’s manual for your specific device for instructions on pairing and connecting Bluetooth devices.
5. When successfully paired, the display will stop flashing.
   - After initial pairing, the unit will stay paired unless unpaired manually by the user or erased due to a reset of the device.
   - If your device should become unpaired, follow the above steps again.
   - If any pairing issues should occur, un-pair the unit on your Bluetooth device and follow the above steps again.

#### Playing Audio Wirelessly
1. Follow the instructions for **Pairing a Bluetooth Device**.
2. Use the native controls on the connected Bluetooth Device to select a track.
3. To play, pause or skip the selected track, use the native controls on the connected Bluetooth Device or press the **Pair/Play/Pause** or **Tun/Skip/Search** buttons.
4. Audio played through the connected Bluetooth device will now be heard through the speakers.

### Radio

#### Tuning the FM Radio
1. Press the **Source** button to switch to FM Radio mode.
2. Press the **Tun/Skip/Search** buttons to tune the radio manually, press and hold to search for the next available station.

#### Saving a Station as a Preset
1. Follow the instructions for **Playing the Radio**.
2. Press the **Prog/Mem** button.
3. Press the **Tun/Skip/Search** to select a preset number.
   - Up to 20 stations may be preset.
4. Press the **Mem** button to save the current station to the selected preset.

#### Tuning to a Preset Radio Station
1. In FM Radio mode, press the **Preset-/Repeat and Preset+/Stop** buttons to cycle through saved presets.

#### Radio Reception
- Adjust the position of the **Telescopic FM Antenna** to improve FM radio reception.

### Line In

#### Using the Line In
- Requires a 3.5mm audio cable (not included)
1. Connect the 3.5mm audio cable to the **Line In** on the unit and an audio output on an MP3 player or other audio source.
2. Press the **Source** button to switch to **Line In** mode.
3. Use the native controls on the connected MP3 player or other audio source to play and control audio played through the clock radio.

### CD

#### Loading a CD
1. Open the **Disc Door**.
2. Place a CD into the unit, label side facing up.
3. Close the **Disc Door**.

#### Playing a CD
1. Follow the instructions for **Loading a CD**.
2. Press the **Source** button to switch to CD mode.
3. Press the **Pair/Play/Pause** button to begin playing the loaded CD.

#### Programming a CD
1. Follow the instructions for **Loading a CD** and **Playing a CD**.
2. Press the **Prog/Mem** button.
3. Press the **Tun/Skip/Search** buttons to select a track.
4. Press the **Prog/Mem** button to save the track to the program.
5. Repeat step 3 and 4 until the desired number of CD tracks are programmed.
6. Press the **Play** button to begin playing the program.
